**RE: Jefe BSJ Federal Com #1-H (1RP-3675) in Unit Letter O, of Section 32, Township 25 South, Range 32 East, New Mexico**

Dear Robert,

I have reviewed the *Closure Request RP-3675*, dated June 12, 2015 submitted by Yates Petroleum, regarding the above-referenced site. The available information indicates Yates Petroleum has met the requirements of 19.15.29 NMAC and no further corrective action is required.

This determination by the Oil Conservation Division does not relieve Yates Petroleum of responsibility should future information indicate a threat to ground water, surface water, human health, or the environment. Furthermore, it does not relieve Yates Petroleum of responsibility for compliance with any federal, state, or local laws and/or regulations. Ensure that BLM has approved/concurred.

Respectfully,

**Kellie Jones**  
Environmental Specialist
