Good Morning,

The revegetation plan that was included in the delineation report that was submitted will be acceptable. However, it will need to be in the work plan that is submitted for approval.

Thank you,

**Amber Groves**

Good morning Mr. Porter:

NMOCD approves the delineation workplan for 1RP-4642 with a couple of conditions. Please confirm.

1. In a short document, please provide a summary of completed activities (search and documentation of groundwater depth, distance to waterbody, sampling methodology, other

details in the Conditions of Approval).

2. Revegetation plan
3. Proposed remediation procedure.

Please let me know if you would like to request a meeting to discuss a remediation plan.

Thanks,  
Olivia

**Subject:** Texland Lea YL - IRP 4642 Delineation and Revegetation Plan

Good afternoon Olivia and Amber,

The attached file contains the updated delineation lab and field testing results and the revegetation plan for Texland's Lea 'YL' State #2 release. After your review, I would appreciate your directive on moving forward with the remedial activities for this release.

Thank you!
