image001.png

Dear Mr. Norman:

NMOCD approves of the delineation and remediation completed for 1RP-4511. Backfill approval is granted. On the final C-141, please indicate the various depths of excavation in the vicinity of the release point and the track road.

Please see the attachment for your records. Like approval from NMSLO is required for delineation, remediation, and revegetation plan.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I
Olivia.yu@state.nm.us
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: 10215A1 1RP-4511 Project Summary Request for Backfill

Olivia,

Attached is the Project Summary for 10215A1 1RP-4511. DCP Midstream would like to request permission to backfill. Let me know if you have any questions. Have a great weekend!
