Attachments: approved_1RP4667_Jaguar 18 State #002H Soil Investigation and Proposed Remediation Workplan_final.pdf

Dear Ms. Green:

NMOCD approves of the delineation completed for 1RP-4667. The proposed additional delineation for the areas represented by T1 and T3 is approved as well. Include a scaled map with the additional delineation trenches.

The proposed remedial activities are approved with these stipulations:

1. Confirmation soil samples at the border between the areas represented by T3/T4 and T2/T5; the border between the areas represented by T1 and T2/T5.
2. Bottom and sidewalls to complete horizontal delineation for proposed depths of excavation at T1 area and T2/T5 area. If permissible chloride values are exceeded, excavate to the next foot.
3. Use Method 8015 for TPH extended (GRO, DRO, MRO) and Method 300 for chlorides.
4. Include a scaled map with confirmation sample locations.

Please confirm or inform if clarification is required. Like approval from NMSLO is required.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I
Olivia.yu@state.nm.us

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: 1RP-4667 - Jaguar 18 State #002H - Soil Investigation Summary and Proposed Remediation Workplan

Good Morning Ms. Yu and Ms. Groves,

TRC, on behalf of COG Operating, LLC, has prepared the attached Soil Investigation Summary and Proposed Remediation Workplan for the COG Jaguar 18 State #002H (API #30-025-41428) Release Site. The legal description of the Release Site is Unit Letter "N", Section 18, Township 23 South, Range 33 East in Lea County, New Mexico. Upon your approval, COG is prepared to begin the activities outlined in the attached workplan. Please feel free to contact Becky Haskell or myself with any questions.

Thank you,

Nikki Green
