Good Morning,

NMSLO will agree that remediation has been achieved. This site will not be fully closed with NMSLO until desired vegetation is achieved. Please feel free to give me a call if you have any questions.

Thank you,

**Amber Groves**

**Subject:** RE: 1R-4526 Final Reports

Dear Mr. Porter:

Please see the attachment for your records.

The available information indicates **OPERATOR** has met the requirements of 19.15.29 NMAC and no further corrective action is required. NMOCD considers **1RP-4526** closed. This

determination by the Oil Conservation Division does not relieve Operator of responsibility should future information indicate a threat to ground water, surface water, human health, or the environment. Furthermore, it does not relieve Operator of responsibility for compliance with any federal, state, or local laws and/or regulations.

Like approval from NMSLO required.

Thanks,

Olivia Yu  
Environmental Specialist  
NMOCD, District I  
[Olivia.yu@state.nm.us](mailto:Olivia.yu@state.nm.us)  
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Olivia,

The attached file contains a GPS track map with the various depths of excavation identified for the IR-4526 project. Please let us know if you need anything else.

Thank you!  
Paul Porter

Dear Mr. Passmore:

Please clarify these points regarding the remediation plan for 1RP-4526:

1. To what depth was each of the areas excavated?
2. Where and at what depth was the 20-mil liner set?

Thanks,  
Olivia

**Subject:** 1R-4526 Final Reports

Good Afternoon Ms. Yu & Ms. Groves,

Attached is the final C-141 & final reports that pertain to the Loco Dinero spill (1R-4526). Please review the files and let me know if anything else is needed. As stated we will continue to monitor the affect areas.

If possible please let me know when spill has been closed out.

Thank you,

Todd Passmore
