13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Mewbourne Oil Company has an approved APD for the above captioned well with surface casing set at 1450' and intermediate casing set at 5300'. MOC would like to follow the Lea County Exception and request 17 1/2" hole to 850' and then set 13 3/8" casing at 850' and circulate cement to surface. Drill out 12 1/4" hole with fresh water to 50' into the Rustler formation (approx 1797') before adding brine. Continue drilling 12 1/4" hole with brine water from 1847' to 5300' just before the Delaware formation (approx 5361') then set 9 3/4" casing at 5675' and cement to surface. If you have any problems, please call Terry Burke (cell 505-390-7169).

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCDC guidelines [ ], a general permit [ ] or an (attached) alternative OCD-approved plan [ ].
