	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

ConocoPhillips Company respectfully provides this request for additional surface disturbance to remediate a spill. Off pad dimensions are approximately 3?x1?x6? and total reported volume estimate is 0.08 bbls. Our plan is to dig and haul.

Attached is an aerial image which shows the location with our initial disturbance area to be remediated, and email notification to BLM.

We request your approval to begin clean up. Thank you for your time spent reviewing this request.

14. I hereby certify that the foregoing is true and correct. <b>Electronic Submission #522672 verified by the BLM Well Information System For CONOCOPHILLIPS COMPANY, sent to the Hobbs Committed to AFMSS for processing by JIM AMOS on 07/23/2020 (20JA0018SE)</b>
