Hobbs, NM 88240

Dear Ms. Herrera,

COG Operating LLC., has submitted an application to drill the Crockett State #2H. Your office has requested a letter verifying our application for the above mentioned well would not impact existing potash leases. Our office has reviewed both federal and state potash leases and there is no potash leases within a 2 mile radius of our proposed location. The closest potash leases are in Section 13 of T21S., R. 32E., which is almost 2 miles away (10870 feet). I hope this addresses your requests.

Sincerely,

Rand French
