| | <input type="checkbox"/> Change Plans | <input type="checkbox"/> Plug and Abandon | <input type="checkbox"/> Temporarily Abandon | |
| | <input type="checkbox"/> Convert to Injection | <input type="checkbox"/> Plug Back | <input type="checkbox"/> Water Disposal | |

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

XTO Energy, Inc performed Final Reclamation of this well site in 05/2008. The surface, however, is privately owned by Dasco Cattle Company, LLC who allowed activities on the surface that lead to the destruction of XTO's reclamation efforts.

XTO Energy respectfully requests release from all surface reclamation responsibilities connected to the site.

See attached letter from Dasco Cattle Company, LLC.

14. I hereby certify that the foregoing is true and correct.

Lea County, New Mexico

To Whom It May Concern:

Based on the BLM's understanding of the attached letter, the surface owner of the above referenced site, Dasco Cattle Company, LLC, allowed activities on the surface that lead to the destruction of XTO's reclamation work. This was the surface owner's prerogative and therefore, XTO must be released from all surface reclamation responsibilities connected to this site.

Please, submit a Sundry Notice (3160-5, Final Abandonment Notice), one original and 3 copies showing the location to be ready for final abandonment consideration.

If you have any questions contact Sol Hughes, at 575-234-5951.

Sincerely,

Sol Hughes

XTO Energy,

DASCO Cattle Company gave Hungry Horse Environmental Services permission to setup a cement mixing plant on the site of the EMSU 418. The site was clean of any debris prior to the mixing plant being set up. I have contacted Hungry Horse and they are going to be clearing the site of any remaining debris.

Sincerely,
