COG Operating LLC respectfully requests approval for the following changes to the original approved APD.

Operator will drill surface down to 650ft MD and set 16" 75# J55 BTC at 650ft. This is 35ft into the Rustler. Will verify that we are at least 25ft into Rustler before setting surface pipe.

Original plan was to set at 875ft. This is further into the Rustler then we should need to set.
