To Whom it May Concern,

COG Operating LLC ("COG") plans to spud the Becknell State Com 4H well on or about June 26, 2017. Pursuant Order No. 3324 regarding oil, gas and potash leasing and development within a designated potash area of Lea County, New Mexico, COG is required to notify parties of potash mining operations within the immediate vicinity of the proposed drill-site of the well. In the case of this Becknell State Com 4H well, it appears there are no potash leases within a one (1) mile radius of the contract area.

Please feel free to contact me with any additional questions you may have at (432) 686-3000.

Sincerely,

COG Operating LLC
