I show that the Cooper State #1 (meter 61711) was disconnected in our system effective 05/31/15. Can you please make sure the meter is disconnected and all equipment has been removed as soon as possible?

Thanks,

Melissa Davidson

Subject: RE: [External] Cooper State #1 30-025-25285

Melissa, per the BLM (see below), we are waiting for the removal of all ETC equipment. Please let me know when we can expect extraction of this. I have attached the previous email we exchanged and also a picture of the location with the equipment.

Thanks for your help.

Amithy,

Please contact your gas purchaser stating that this well has been plugged, requesting that they remove all equipment associated with this well, and installing a blind flange on the downstream side. Carbon copy me on this correspondence so that I can attach it to the C103 and get this well released.

Respectfully,

Mark Whitaker, PES
