13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

COG Operating LLC respectfully requests to designate meter # 1714E10067 as the official facility measurement point (FMP) and tank #77426966-1 as the secondary FMP for oil produced from this well (Please see attached site facility diagram.) The FMP meter is located on lease # NMLC029519A at the Mas Federal #3H battery. Measurement will be in compliance with all federal requirements and regulations.

14. I hereby certify that the foregoing is true and correct.
