13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Upon submittal of the Notice of Spud, it was discovered that the NMOCD C102 SHL did not match the BLM APD SHL and a typo had occurred on the APD.

The APD reads SW NW 2040 FNL and 1230 FWL Lat 32.3353145 Long 103.530631
This is actually our turning point.

The C102 reads SW NW 2040 FNL and 325 FWL Lat 32.3353289 Long 103.5335599

Kaiser Francis Oil Company is requesting per this SN to change the SHL on the APD to be the same as the C102 which is SW NW 2040 FNL and 325 FWL Lat. 32.3353289 Long 103.5335599

Nothing else on the APD would change.

*No new surface disturbance, use existing COAs**Approved. WDD. DOI-BLM-NM-PO20-2018-0627-DNA*

14. I hereby certify that the foregoing is true and correct.

Electronic Submission #440796 verified by the BLM Well Information System
For KAISER FRANCIS OIL COMPANY, sent to the Hobbs
