Gentlemen:

You're Application for Permit to Drill (APD) for the below referenced well has expired because drilling has not commenced per Onshore Order #1:

WELL NAME & NUMBER API#	LOCATION	ORIGINAL APD EXPIRATION	EXTENSION EXPIRATION

If a well has not been spud, but site construction activities have occurred please contact Jim Amos at (575) 234-5909 for surface reclamation instructions. If drilling operations have commenced on a well send all necessary reports (spud, casing/cementing, etc., 1 original and 3 copies) to the BLM so we may correct our records.

If you wish to drill this well at a later date, please submit a complete application (In AFMSS II data base) to this office. Since the original APD have expired, the resubmitted APD will be subject to all processing requirements including the current application fee and the 30-day posting period. Please note on the resubmitted APD that they were previously approved and we will review the expired file for information which will help expedite the processing.
