13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

This sundry notice is to inform you of a variance in our original ADP. The drilling rig is equipped with 2,000 pound equipment rather than what was stated in the original ADP of 3,000 psi BOP equipment. As per my telephone discussion with Fred Wright, Petroleum Engineer, with the BLM in Carlsbad, NM on 10/16/06, we have received a verbal okay to continue drilling along with filing this form today.
