Hobbs, NM 88240

To: Chris Williams
Cc: Donna Mull

This letter is to verify that Apache Corporation, as the new operator of these wells acquired from Capataz Operating Inc, will perform the following work. Each well will be tested in the Abo. If the Abo is found not to be productive, it will be isolated from existing production. If the Abo is found to be productive, the new test information will be submitted to the NMOCD and Apache will request a DHC to include the Abo
