RE: Re-entry Lawton State No. 1
UL-A, Sec. 11, Twp. 11S, Rge. 32E
State Lease No. LG 8484
Lea County, New Mexico

Gentlemen:

WTG Exploration, Inc. respectfully requests administrative approval for a non-standard proration unit and unorthodox location for the above mentioned re-entry project as a Penn gas test.

This well was drilled by Lawton Oil Corp. in 1952 as a dry hole, located 660' FN & EL of Section 11 and the lease contains 280 acres. Attached is a listing of all offset operators who are being notified of this application by registered mail.

Also attached, please find a map of the area showing the location of the well with the lease acreage (280 acres) outlined in red. This project to be re-designated State WTG, Well No..1

Your earliest consideration and approval of this request will be greatly appreciated.

Yours very truly,

David L. Davis
Vice President
