

AFFIDAVIT ON CEMENTING

STATE OF ~~TEXAS~~ NEW MEXICO

SS

COUNTY OF ROOSEVELT

I, C. B. Laidley, being of lawful age,
do state that I am employed by Halliburton Company in the capacity
of Service Sales Engineer, and that on the 30th day of
July, 19 71, Halliburton Company performed
a cementing service for the purpose of cementing the Intermediate string of casing in Well Number
1, Lewis Com Lease, located in 1
Roosevelt County, New Mexico for Western States Prod. Co..
(production, protection, surface) (customer)

Information provided me by the customer, his agent or
representative, states that the above string of casing was size
8 5/8" O. D., set in 11 inch drilled hole, and that
casing depth set was 3950 feet.

Cement and admixes used were: 275 sacks Class "C" -
Pozmix "A", 2% gel; 100 sacks Class "C" - Pozmix "A", 2% gel, 2%
calcium chloride

Based upon the above information, according to my cement
tables, I have calculated that the above volume of cement will fill
up an annular height of 2183 feet between 8 5/8 casing and
(size) (size)
11 hole.
