On Friday A.M. 05-19-89, shortly before noon, I & W Transport hauled a load of fresh water to an offset well to our Wakan Tanka Federal Lease. The operator, Grover-McKinney Oil Company had experienced some difficulty while running 5½" casing on their Caudill #2 well. A decision was made on location to spot oil to slick up the hole for aid in running their production string. Dakota Resources, Inc. volunteered to help. The I & W Transport truck pulled 40.3 bbls. of oil from the Wakan Tanka Federal Battery. A seal was broken from the backside of the tank at the BS line and oil was pulled out of the battery right off bottom. Dakota Resources, Inc. will invoice this 40.3 bbls. at 19.25/bbl. and will pay the proper royalties to each the BLM and Cities Service Oil Company. The rest will go direct to the working interest owners.
