

OIL CONSERVATION DIVISION

HOBBS, NEW MEXICO 88240

July 25, 1978

Ms. Lynn Teschendorf, Attorney
Oil Conservation Division
P. O. Box 2088
Santa Fe, New Mexico 87501

Dear Lynn:

Attached is the correspondence, well record and pictures on the Cortez Corporation well in Section 26, T-13-S, R-33-E, Lea County, New Mexico.

Although the well has been plugged, a C-103 covering the plugging has not been submitted.

I will leave it up to you on how to approach the case, but we need to get the location cleaned up. If you decide to do it through a hearing, I will be up to Santa Fe for the Paul Hamilton case, but that may be too soon for you. If you need additional information, let me know.

Also, can you send a copy of the transcript on the first Paul Hamilton case, as I think it would be a good idea for John to review what he testified to in case he is recalled.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District 1

JS/mc
Attach.
