Re: Form C-103, Report on Results of
Plugging E. L. Harbison #21-8

Gentlemen:

We have received in this office Form C-103 reporting results of plugging your E. L. Harbison #21-8 NE NW Sec. 8-14S-37E, Wildcat location, Lea County. Before Form C-103 can be approved, an inspection of the location is made to see that Rule 1106 of the New Mexico Oil Conservation Commission rules and regulations have been complied with. A check of the file on this well shows that this location had not been levelled as of July 21st, 1953. Please inform this office when this is ready for another inspection so that Form C-103 can be approved.

Yours very truly,
