(Dual Completions)

STATE OF NEW MEXICO)

COUNTY OF LEA )

A. G. West, being duly sworn according to law, upon his oath deposes and says:

That he is lawful age and has full knowledge of the facts herein below set out.

That he is employed by MWL TOOL AND SUPPLY COMPANY in the capacity of Vice President and as such is its authorized agent.

That on October 21, 1961, he personally supervised the setting of a BOT HS 16-1 in El Paso Natural Gas Company's Lusk Deep Unit #3, located in Unit Letter E, Section 20, Township 19-S, Range 32-E, NMPM, Lea County, New Mexico.

That said packer was set at a subsurface depth of 12,342.26 feet (bottom), said depth measurement having been furnished by El Paso.

That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well-bore, of fluids produced from a stratum below the packer with fluids produced from a stratum above the packer. That this packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
