Subject: Lynch #1 & Mobil Fed #6

Upon research of these two wells it was decided that they are two separate wells.

Lynch #1	19S-32E-21	660'S & 660'/W	Lea County	3002500914
Mobil Fed #6	19S-32E-21	581'S & 660'/W	Lea County	3002533317

On December 12, 1995, Shannon Shaw made a notation that the Lynch #1 well bore could not be located. This well was drilled in 1941 and plugged in 1946. So he requested Shackelford to resubmit a new APD which the operator called the Mobil #6 and it had different footage locations.

The Lynch #1 APD re-entry is being cancelled at this time and the status will be P&A.

The Mobil #6 is a POW.
