SUBJECT: Damson Oil Corporation
Southern California Federal #1-H 29-19-32
Order R-8480

An allowable was assigned to this well effective 6/1/87 in the Lusk Delaware Pool by supplement 1250N.

By order R-8480 this well was removed from the Lusk Delaware Pool and placed in the West Lusk-Delaware Pool effective 7/23/87, and granted back allowable.

In order to correct the problem we have with this well I suggest that you void supplement 1250N and assign the allowable provided for by R-8480 as follows:

Cancel Lusk Strawn allowable effective 1/24/87.

Assign 142 barrel per day allowable 1/24/87 thru 7/22/87 in the Undesignated Delaware (top of producing interval 6450 ft.) and then assign a 142 barrel per day allowable in the West Lusk Delaware Pool 7/23/87 to present.
