17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

**Total Depth 8935'.
Plug Back Total Depth 8768'.**

Because this well is producing only 84 bbls oil per day from perforations 8652'-8692', we propose to set a cast iron bridge plug at 8645' and perforate a total of 121 feet between 8430' and 8603' with one shot per foot and treat with 30,000 gallons NFE retarded acid.

The bridge plug will not be drilled out at this time.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
