RE: TA of "federal" well  
SMGSAU

*NO*

Gentlemen:

We are returning the C-103 submitted on the SMGSAU Tr 3 #1-H 30-17-33, showing the well as SI Nov. 6, 1989. Since this is a "federal" well you will need to apply for approval of TA status through the BLM office. They will approve it and forward it on to us. We accept their TA approvals on injection wells.

I believe they require the same type testing for mechanical integrity as we do. It is our understanding they only issue permits for one year periods, but will approve extensions of that TA status based upon that test for up to five years. However, you will be required to submit a request for extension each year.

Very truly yours,
