THE TEXAS COMPANY
Box 1270
Midland, Texas

Att: Mr. Drew

Dear Sir:

I have today recieved in this office your C-104 "Request for Allowable", on the State of New Mexico "AA", NCT-2, Well No.2, in Sec 4- 18S - 34E.

I would like to call to your attention the fact that the C-101 "Notice of Intention to Drill" was filed in Sec. 4 - 17S - 34E. Since the filing of this first report we have had no report to change its location to 4-18S-34E, if that is the correct location.

All subsequent reports have been carried under location, 4-18S-34E. It is desirous that we have a letter as to the correct location of the # 2, State of New Mexico "AA", NCT-2.

To get the C-104 "Request for Allowable" approved you are required to file the C-110 "Certificate of Compliance and Authorization to Transport Oil". It is requested that these be file together.

Upon recieving a letter as to the correct location of the # 2 and upon recieving C-104 and C-110, they will immediately be approved and your copy returned to your office.

Very truly yours,
