HUMBLE OIL & REFINING COMPANY

HOUSTON 1, TEXAS

Hobbs, New Mexico  
February 7, 1962

United States Geological Survey  
Box 1838  
Hobbs, New Mexico

Gentlemen:

Attached is Form 9-331A, request to temporarily abandon Humble's Federal Bowers A-9, Hobbs Pool. A similar request was submitted January 23, 1962; however, since that date a committee has been set up by the Operators to study the Bowers Seven Rivers Pool for secondary recovery. If the study is favorable some sort of water injection project will be initiated. In view of this, Bowers A-9 could very easily fit into the flood pattern.

We request that Humble's Federal Bowers A-9 be temporarily abandoned as is, without cement plugs, until the secondary recovery study is complete. If the well then has no value it will be permanently abandoned in a manner prescribed by the U.S.G.S.

Yours truly,

HUMBLE OIL & REFINING CO.

R. R. Alworth
