Re: Non-Standard Unit Request

New Mexico Oil Conservation Commission  
P. O. Box 2088  
Santa Fe, New Mexico 87501

Gentlemen:

Amoco Production Company requests administrative approval for a non-standard gas well proration unit for our proposed State DR #1 in Lea County. The well is located 1980' FNL and 1980 FWL of Sec. 16, T-19-S, R-32-E. Amoco wishes to form a 320 acre unit consisting of the north half of Sec. 16 rather than the standard 640 acre unit. Attached is a list of offset operators from whom verbal waivers have been obtained. They have been asked to confirm their waiver by wire directly to the NMOCC, Santa Fe.

Your early consideration of this matter will be appreciated.

Yours very truly,

J. L. WALTERS  
Area Administrative Supervisor
