

This form is to be filed with the appropriate District Office of the Commission not later than 30 days after the completion of any newly-drilled or deepened well. It shall be accompanied by one copy of all electric logs run on the well and a summary of all special tests conducted, including full stem tests. All depths reported shall be measured by tape. In the case of air-lift or pump-jack wells, true vertical depth shall also be reported. For multiple completions, Items 10 through 34 shall be reported for each zone. The form is to be filed in quantities except on state land, where six copies are required. See Rule 1135.
