Re: Application for Triple Tubingless
Completion, State of New Mexico "O"
(NCT-1) Well No. 24, Lea County,
New Mexico

ATTENTION: Mr. A. L. Porter, Jr.

## Gentlemen:

Attached is TEXACO's Application for triple tubingless completion for the State of New Mexico "0" (HCT-1) Well No. 24, located 660 feet from the east line and 860 feet from the south line, Unit P. Section 36, T-17-8, R-34-E, Lea County, New Mexico. TEXACO plans to complete this well as a triple tubingless oil completion in the Vacuum (North) Abo, Wolfcamp, and Upper Pennsylvanian Pools. It is anticipated that all zones will be oil completions and will flow initially. Approval has been granted previously by the New Mexico Chi Conservation Commission for these zones in TEXACO Inc. State of New Mexico "0" (HCT-1) Well No. 18.

Also attached is a copy of the plat showing the area immediately surrounding TEXACO's State of New Mexico "O" (NCT-1) Lease and a diagrammatic sketch of the proposed triple tubingless completion. It is respectfully requested that TEXACO Inc. be granted administrative approval for this application as provided for under Rule 112-A.

Yours very truly.
