PACKER-SETTING AFFIDAVIT
(Dual Completions)

STATE OF New Mexico)
County of Lea) ss

Robert L. McLean, being first duly sworn according to law, upon his oath deposes and says:

That he is of lawful age and has full knowledge of the facts herein below set out.

That he is employed by The Ohio Oil Company in the capacity of Associate Petroleum Engineer and as such is its authorized agent.

That on February 17, 19 62, he personally supervised the setting of a Baker Model "D" Packer in The Ohio Oil Company's
(Make and Type of Packer) (Operator)

Lea Unit Well No. 4, located in Unit
(lease)
Letter H, Section 11, Township 20S, Range 34E, NMPM,
Lea County, New Mexico.

That said packer was set at a subsurface depth of 13,885 feet, said depth measurement having been furnished by Great Lakes Petroleum Service.

That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well-bore, of fluids produced from a stratum below the packer with fluids produced from a stratum above the packer. That this packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
