Gentlemen:

Re: Form C-110 State "E" NCT-2 #1
& NFO-260 Sec. 23-19-36

We have received from you Form C-110 filed for the purpose of showing the applicable NFO number on the above-named well, although you had previously filed Form C-110 showing that Warren was the gas transporter on this well. Since we have in our files a copy of a letter to you from our Santa Fe office dated June 18th, and showing a cancellation of this order, we shall appreciate it if you will clear this matter up for us. If Warren is not taking the gas from this well, and it is being flared, your No-Flare Order will have to be reinstated by the Commission in Santa Fe.

Yours very truly,

OIL CONSERVATION COMMISSION

Re: Form O-110 dated "E" NOV-2-31
& HO-2-30 Dec. 23-19-30

We have received from you Form O-110 filed for the purpose of showing the specific well number on the above-named well, although you had previously filed Form O-110 showing that Warren was the gas transporter on this well. Since we have in our files a copy of a letter to you from our Santa Fe office dated June 18th, and showing a cancellation of this order, we shall appreciate it if you will clear this matter up for us. If Warren is not taking the gas from this well, and it is being lifted, your No-Three Order will have to be reinstated by the Commission at Santa Fe.

Yours very truly,
