THE HISTORY OF THE CITY OF BOSTON FROM 1630 TO 1800

The city of Boston, Massachusetts, was founded in 1630 by a group of Puritan settlers from England. The city grew rapidly and became one of the most important centers of commerce and industry in the eastern United States. In 1773, the city was the site of the Boston Tea Party, a protest against British taxation. The city was then occupied by British troops during the American Revolutionary War. After the war, the city continued to grow and became a major center of industry and commerce. In 1800, the city was still a small town, but it was the beginning of a great city.
