Gentlemen:

Following is a notice of intention to do certain work as described below at the _____

Amerada Petroleum Corporation J.R. Phillips Well No. 4 in NW 1/4 of the NE 1/4
Company or Operator Lease
of Sec. 1, T. 20, R. 36, N. M. P. M., Monument Field.
Log County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

Total Depth - 3900', 5-1/2" Casing set at 3822'

Because of an increase in the water production on this well it is our intention to plug back the open hole between 3822' and 3900' approximately 30' in an effort to shut off the water. We plan to use both cement and plastic to make the plug-back. The cement will be spotted on bottom with a dump bailer followed by plastic using the same method. If this operation proves successful the well will be put back on production.
