Carlsbad, New Mexico.

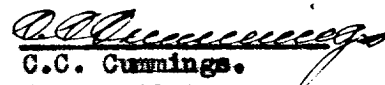

Dear Sir:-

I wish to obtain permission to save bradenhead gas on the South Graham-State Lease well #1, which is located in the SE/4 of the SE/4 of Section 2-20-36. This is for the purpose of operating the lease.

We propose to run ~~125~~-125-Sax cement on the 7" String of casing.

Please advise if this procedure is alright.

Yours truly,

C.C. Cummings.
