Re: Reclassification of Well
Reed A-3 #4-P
Section 3, T20S, R36E
Eumont Yates-SR-Queen Pool

Gentlemen:

Due to the recently submitted gas/oil ratio test for the above-referenced well, it will be reclassified to a gas well in the Eumont Pool effective September 1, 1987, and the oil allowable cancelled that date.

If for some reason you feel this test does not reflect the proper classification of the well, please submit another test for our consideration by July 28, 1987.

If the well is to be reclassified, please furnish this office with an acreage dedication plat outlining the acreage dedicated to this gas well classification. Also, if the transporters change as a result of reclassification, please submit Form C-104 so indicating. Please advise this office if the gas is separately metered.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
