Re: Reclassification of Well
Reed A-3 #4-P
Section 3, T20S, R36E
Eumont Yates-SR-Queen Pool

Gentlemen:

Due to the recently submitted gas/oil ratio test for the above-referenced well, it will be reclassified to a gas well in the Eumont Pool effective September 1, 1988, and the oil allowable cancelled that date.

If for some reason you feel this test does not properly reflect the classification of this well, please submit another test for our consideration by July 29, 1988.

If the well is to be reclassified, please furnish this office with an acreage dedication plat outlining the acreage dedicated to the gas well classification. Also, if the gas transporter changes due to the reclassification, please submit Form C-104 so indicating. Please advise this office if the gas well gas is separately metered.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I

JS/ed

submitted new test - remain oil
