Zia Energy Inc. Elliott Federal Com #2-J sec.26,T20S,R36E, Eumont Pool changed gas transporter to Northern Natural eff. 1/24/89. They failed to file C-104 in Jan. showing this transporter change.

When they did file the C-104 showing the transporter change I checked Northern's C-111 and did not find this well listed. I have written Northern for a gas connection notice along with amended C-111 report showing gas takes from this well since Zia indicates NNG has taken gas.

Also, I note from the gas proration schedule that you did not delete well #1-I from the MWU when SE-5069 was sent thru to reduce acreage from 160 to 120 eff. 3/1/87. Please delete Well #1-I since it is now an oil well.

If you have any questions, please call me.
