Gentlemen:

El Paso Natural Gas Company requests your approval to form a Non-Standard Gas Proration Unit of 230.32 acres, more or less consisting of Lots 9,10,11,12, 13, and 14, Section 6, Township 21 South, Range 36 East, N.M.P.M., Lea County, New Mexico. El Paso Natural Gas Company's Shell State #9 Well is located on this tract. Said well is located 3622 feet from the North line and 1980 feet from the West line of section 6.

El Paso Natural Gas Company make the following allegations, to-wit:

1. That the Non-Standard Gas Proration Unit consists of six contiguous lots.
2. That the Non-Standard Gas Proration Unit lies wholly within a single governmental section.
3. That the entire Non-Standard Gas Proration unit may reasonably be presumed to be productive of gas.
