Journal of Applied Behavior Analysis

Volume 37, Number 1, February 2004

Journal of Applied Behavior Analysis is a peer-reviewed journal of research and practice in the field of behavior analysis. The journal is published quarterly by the American Psychological Association. The journal's content is primarily empirical research, but it also includes theoretical articles, reviews, and commentaries. The journal is required reading for all behavior analysts and is highly cited in the field.

The journal is published by the American Psychological Association, which is a leading organization in the field of psychology. The journal is published in English and is available in print and online formats. The journal is indexed and abstracted in several major databases, including PsycINFO, PsycARTICLES, and the Journal of Applied Behavior Analysis database.

The journal is a leading source of information for behavior analysts and researchers in the field. The journal's content is highly influential and has led to many important advances in the field of behavior analysis. The journal is a must-read for all behavior analysts and researchers in the field.
