THE HISTORY OF THE UNITED STATES

CHAPTER I. THE DISCOVERY OF AMERICA

The discovery of America by Christopher Columbus in 1492 is one of the most important events in the history of the world. It opened up a new world of opportunity and led to the development of a new continent. Columbus's voyage was sponsored by the Spanish monarchs, Isabella and Ferdinand, and it was on their behalf that he set sail across the Atlantic Ocean. His discovery of the Americas led to the establishment of a vast Spanish empire in the New World, which eventually led to the independence of many of the newly discovered lands.
