Subject: Non-standard Gas Proration
Unit - W/2 of SE/4 and SW/4
of NE/4 of Sec. 28, T-19-S,
R-37-E, Eumont Gas Pool

Mr. W. B. Macey, Secretary
New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, Mexico

Dear Sir:

The Ohio Oil Company respectfully requests that you grant this application of The Ohio for the designation and formation of a 120-acre non-standard gas proration unit consisting of the W/2 of the SE/4 and the SW/4 of the NE/4 of Section 28, Township 19 South, Range 37 East, Eumont Gas Pool, Lea County, New Mexico. The Ohio owns the oil and gas leasehold estate on the acreage included in the proposed unit, and a gas well completed in the Eumont Gas Pool and known as State A-3071-D No. 1 is located on the acreage at a point 1980 feet from the South line and 660 feet from the East line of the proposed unit.

All acreage included in the proposed unit falls within the limits of the Eumont Gas Pool and is reasonably presumed to be productive of gas from that Pool. It is impractical to pool The Ohio's leasehold estate with adjoining acreage at this time; however, efforts are being commenced to negotiate a pooling agreement, and if such efforts are successful it is contemplated that application will be made to expand the unit. Unless the proposed proration unit is formed, The Ohio will be deprived of a fair opportunity to recover its just and equitable share of the natural gas in the Eumont Pool. The formation of the proposed proration unit will protect correlative rights and will not cause but will prevent waste.

A plat is attached hereto which indicates the location of the proposed unit and the location of the surrounding tracts. A copy of this application with plat attached has been sent by registered mail to each of the Operators named on the attached list.

The Ohio therefore requests that you grant an exception to the special rules and regulations for the Eumont Gas Pool, that the location of said well be approved, that this application be granted, and that the proposed non-standard gas proration unit be designated and formed by you without further notice or hearing and pursuant to the provisions of the applicable rules and regulations, upon the expiration of thirty (30) days from this date.

Subject: Non-standard Gas Promotion
Unit - W/2 of Sec. 28, T. 28 N.,
R. 27 E., Eumont Gas Pool

Mr. W. B. Macey, Secretary
New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, Mexico

Dear Sir:

The Ohio Oil Company respectfully requests that you grant this application of The Ohio for the designation and formation of a 120-acre non-standard gas promotion unit consisting of the W/2 of the SE/4 and the SW/4 of the NE/4 of Section 28, Township 28 North, Range 27 East, Eumont Gas Pool, Las Alamos County, New Mexico. The Ohio owns the oil and gas leasehold estate on the acreage included in the proposed unit, and a gas well completed in the Eumont Gas Pool and known as State A-3071-D No. 1 is located on the acreage at a point 1000 feet from the south line and 500 feet from the east line of the proposed unit.

All acreage included in the proposed unit falls within the limit of the Eumont Gas Pool and is reasonably presumed to be productive of gas from that pool. It is impractical to pool The Ohio's leasehold estate with adjoining acreage at this time; however, efforts are being commenced to negotiate a pooling agreement, and if such efforts are successful it is contemplated that application will be made to expand the unit. Unless the proposed gas promotion unit is formed, The Ohio will be deprived of a fair opportunity to recover its just and equitable share of the natural gas in the Eumont Pool. The formation of the proposed promotion unit will protect conservative rights and will not cause but will prevent waste.

A plat is attached hereto which indicates the location of the proposed unit and the location of the surrounding tracts. A copy of this application with plat attached has been sent by registered mail to each of the adjoining owners on the attached list.

The Ohio therefore requests that you grant an exception to the general rules and regulations for the Eumont Gas Pool, that the location of said unit be approved, that this application be granted, and that the proposed non-standard gas promotion unit be designated and formed by you without further notice or hearing and pursuant to the provisions of the applicable rules and regulations upon the expiration of thirty (30) days from this date.
