to transport oil from this unit are None. See remarks. %

REMARKS: This well is classed as a gas well and oil production is incidental to normal gas production.

Oil is to be transported by Ellison and Sayers' trucks from stock tanks on the lease to storage tanks located near Texas-New Mexico Pipeline Co. pipe line facilities. (Sec 30-19S-37E). From these storage tanks, Texas-New Mexico Pipeline Co. will further transport the oil.

The undersigned certifies that the rules and regulations of the Oil Conservation Commission have been complied with except as noted above and that gathering agent is authorized to transport the percentage of oil produced from the above described property and that this authorization will be valid until further notice to the transporter named herein or until cancelled by the Oil Conservation Commission of New Mexico.

Executed this the 25 day of September, 1951
