

N. M. MEXICO OIL CONSERVATION COMMISSION
Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

MISCELLANEOUS REPORTS ON WELLS

This report is prepared in accordance with the provisions of the Act of March 3, 1879, and the regulations thereunder. It should be noted that before a report is made on a well, the miner should first obtain a permit from the local mining office. The work was done under the supervision of the local mining office and the results of the work are reported to the local mining office. The local mining office then reports to the Bureau of Mines. The local mining office should also report to the Bureau of Mines any additional information in the field and any other data that may be of value.

Indicate nature of report by checking below

REPORT ON REPAIRING WELLS	REPORT ON REPAIRING BUILDING OPERATIONS
REPORT ON REPAIRING OR REMOVING WELLS	REPORT ON REPAIRING OR REMOVING BUILDING OPERATIONS
