EXICO OIL CONSERVATION COP

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission. of the Commission. Indicate nature of report by checking below.

Monument, New Mexico OIL CONSERVATION COMMISSION, Santa Fe, New Mexico. Gentlemen: Following is a report on the work done and the results obtained under the heading noted above at the Mereda Petroleum Corporation NET NOTE OF SC. Well No. Of Sec. The dates of this work were as follows: Notice of intention to do the work was [was not] submitted on Form C-102 on and approval of the proposed plan was [was not] obtained. (Cross out incorrect words.) DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED. 6-5/8* 20# 10-Thd. New Seemless casing was set in this well at 3795* and by the Halliburton Method with 100 sacks. Casing and fittings were tested with 1200# primp pressure and allowed to st undisturbed for thirty minutes. No drop in pressure resulted so the cement then drilled aut of the casing and the same test of 1200# pump pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes. No drop in pressure was applied and allowed to stand undisturbed for thirty minutes.
