
Box 542
Carlsbad, New Mexico
January 29, 1937

Mr. Frank Gordon, Secretary
Oil Conservation Commission
Santa Fe, New Mexico

Re: Mr. Jordan: Re: Dec 20th, 1936, The
Federal Sec. 31, U. S.,
N. M., Las Colinas.

The enclo. of letter from The Texas Company is self-explanatory.

This is the first time a title of this kind has come up. However, since Section 12 of the Oil and Gas Conservation Law provides for matters such as this, I have approved form O-101, "Notice of Intention to Drill" for the above-mentioned well, and have returned an approved copy to The Texas Company.

I will keep you informed as to future developments in this case.

Very truly yours,

FJV:t

Encls.

F. J. Vesely,
State Oil & Gas Inspector.
