The Unit is proposed to consist of the SE/4 of Section 3, T20S, R37E.

In support of this request we should like to point out that the proposed unit conforms with the requirements of said Rule 5 (b) in all respects as follows:

A plat is attached hereto showing to the best of our knowledge and belief the proposed unit, the location of the well and the offset ownership.

Continental's State Lease of Section 3, T20S, R37E, described as the E/2 of the SE/4 has been communitized with Buffalo Oil Company's acreage described as the W/2 of the SE/4 of Section 3, T20S, R37E, to form the requested 160-acre non-standard gas proration unit.

In view of the facts set out herein it is respectfully requested that the Commission issue an order approving the non-standard gas proration unit for Continental Oil Company's State A-3 Unit No. 1 well as described above.
