MEXICO OIL CONSERVATION CO. MISSION NE

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Pulse and Described.

The dates of this work were as follows: February 28, 1937 Notice of intention to do the work was partially submitted on Form C-102 on Harch 1, and approval of the proposed plan was partially obtained. (Cross out incorrect words.) DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED Tested 7-5/8" easing with 1200 cold water pressure before and after drilling plug on February 28, 1937 - tested 0. K.
